Apple reports first quarter results

All-time records for total company revenue and EPS

Services revenue reaches new all-time high

CUPERTINO, CALIFORNIA — Apple today announced financial results for its fiscal 2025 first quarter ended December 28, 2024. The Company posted quarterly revenue of \$124.3 billion, up 4 percent year over year, and quarterly diluted earnings per share of \$2.40, up 10 percent year over year.

“Today Apple is reporting our best quarter ever, with revenue of \$124.3 billion, up 4 percent from a year ago,” said Tim Cook, Apple’s CEO. “We were thrilled to bring customers our best-ever lineup of products and services during the holiday season. Through the power of Apple silicon, we’re unlocking new possibilities for our users with Apple Intelligence, which makes apps and experiences even better and more personal. And we’re excited that Apple Intelligence will be available in even more languages this April.”

“Our record revenue and strong operating margins drove EPS to a new all-time record with double-digit growth and allowed us to return over \$30 billion to shareholders,” said Kevan Parekh, Apple’s CFO. “We are also pleased that our installed base of active devices has reached a new all-time high across all products and geographic segments.”

Apple’s board of directors has declared a cash dividend of \$0.25 per share of the Company’s common stock. The dividend is payable on February 13, 2025, to shareholders of record as of the close of business on February 10, 2025.

Apple will provide live streaming of its Q1 2025 financial results conference call beginning at 2:00 p.m. PT on January 30, 2025 at [apple.com/investor/earnings-call](#). The webcast will be available for replay for approximately two weeks thereafter.

Consolidated Financial Statements

Apple periodically provides information for investors on its corporate website, [apple.com](#), and its investor relations website, [investor.apple.com](#). This includes press releases and other information about financial performance, reports filed or furnished with the SEC, information on corporate governance, and details related to its annual meeting of shareholders.

This press release contains forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include without limitation those about payment of the Company’s quarterly dividend and future business plans. These statements involve risks and uncertainties, and actual results may differ materially from any future results expressed or implied by the forward-looking statements. Risks and uncertainties include without limitation, effects of global and regional economic conditions, including as a result of government policies, geopolitical tensions, conflict, terrorism, natural disasters, and public health issues; risks relating to the design, manufacture, introduction, and transition of products and services in highly competitive and rapidly changing markets, including from reliance on third parties for components, technology, manufacturing, applications, support, and content; risks relating to information technology system failures, network disruptions, and failure to protect, loss of, or unauthorized access to, or release of, data; and effects of unfavorable legal proceedings, government investigations, and complex and changing laws and regulations. More information on these risks and other potential factors that could affect the Company’s business, reputation, results of operations, financial condition, and stock price is included in the Company’s filings with the SEC, including in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of the Company’s most recently filed periodic reports on Form 10-K and Form 10-Q and subsequent filings. The Company assumes no obligation to update any forward-looking statements, which speak only as of the date they are made.

About Apple

Apple revolutionized personal technology with the introduction of the Macintosh in 1984. Today, Apple leads the world in innovation with iPhone, iPad, Mac, AirPods, Apple Watch, and Apple Vision Pro. Apple’s six software platforms — iOS, iPadOS, macOS, watchOS, visionOS, and tvOS — provide seamless experiences across all Apple devices and empower people with breakthrough services including the App Store, Apple Music, Apple Pay, iCloud, and Apple TV+. Apple’s more than 150,000 employees are dedicated to making the best products on earth and to leaving the world better than we found it.
